Identify Athletes with a Payment Method

Mavilyn Carlos - 2026-09-07 - [Manage Your Athletes](#)

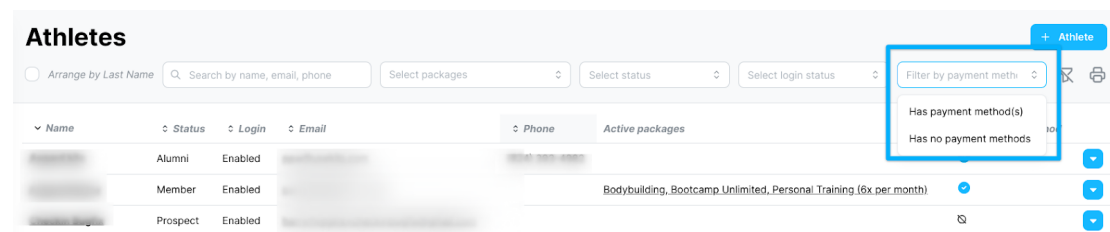

To make it easier to keep track of which athletes have added payment methods to Kilo, you may reference the “Has payment method” column on the Athlete list page.

Athletes							+ Athlete
☐ Arrange by Last Name	Search by name, email, phone	Select packages	Select status	Select login status	Filter by payment meth		
Name	Status	Login	Email	Phone	Active packages	Has payment method	
[Redacted]	Alumni	Enabled	[Redacted]	[Redacted]			
[Redacted]	Member	Enabled	[Redacted]		Bodybuilding, Bootcamp Unlimited, Personal Training (6x per month)		
[Redacted]	Prospect	Enabled	[Redacted]				

- The blue checkmark icon indicates that the athlete has a payment method connected to their Kilo profile.
- The circle-line icon indicates that no payment method has been entered.
- Dependent accounts will not have a blue checkmark as the primary account holder is the payment method account.

You may opt to filter the Athlete list by “Has payment method(s)” or “Has no payment methods” in the filter field located above the column.

Athletes							+ Athlete
☐ Arrange by Last Name	Search by name, email, phone	Select packages	Select status	Select login status	Filter by payment meth
