Recognize GLM Calls via Caller ID

Mavilyn Carlos - 2026-07-25 - [Calls](#)

If you've ever wished that your mobile phone's caller ID could tell you when calls are being forwarded from your **Gym Lead Machine phone number**, it can!

How Do I Make Forwarded Calls Show My Gym Lead Machine Number on Caller ID?

By default, the system transmits the number of the caller to your phone's caller ID. However, if you prefer the caller ID to show the number that the caller dialed instead (your Gym Lead Machine-connected phone number), we can assist you in activating this feature.

1. Save your Gym Lead Machine-connected phone number in your phone's Contacts however you want it to appear on the screen (e.g., Gym Lead Machine).
2. Reach out to our Support team at **hello@usekilo.com** and request that the **Pass call number as Caller ID** setting be turned on in your account.

Once this setting is enabled, you will see "Gym Lead Machine," or your chosen contact name, each time a contact calls your Gym Lead Machine line and the number is forwarded to your phone.

If you have further questions about your Gym Lead Machine-connected phone number or would like to enable **Pass call number as Caller ID**, our Support team is happy to help. Reach us at **hello@usekilo.com**.
