Verify Your Domain for Facebook

Mavilyn Carlos - 2026-08-25 - [Paid Ads](#)

Facebook requires advertisers to verify their domain before running ads. The walkthroughs below cover the verification process step by step, and the team at Kilo is happy to help if you get stuck.

Older Gym Lead Machine accounts

Older Gym Lead Machine accounts may need an updated URL for their landing pages before domain verification can be started with Facebook.

If you are not sure whether this applies to your account, email us before you begin, and we will be glad to assist.

If you have questions about verifying your domain for Facebook, our Support team is happy to help. Reach us at **hello@usekilo.com**.
