What You Can Edit On a Concierge Site

Laura Gibson - 2026-07-24 - [Concierge Website Templates](#)

If you're using a **Concierge Template**, you'll have an **Author role** on your website. This means you'll be able to:

- **Write and edit blog posts:** Perfect for sharing updates, events, or member success stories
- **Upload and manage images** for your posts

You won't be able to edit pages or change the website layout. Our team handles all of that for you to ensure everything stays consistent, polished, and optimized.

If you ever need changes beyond blog posts, you can simply submit a request through our support system, and we'll take care of it for you.

Have questions or want to request a complimentary annual redesign using one of our concierge templates? Reach out to our Support team at hello@usekilo.com.
