Connect Your Gym's Data to Claude with AI Connect

2026-10-07 - Sandy Tannheimer - Feature Updates

You can now connect your gym's data to Claude with **AI Connect**, so you can ask business questions in plain language and get answers pulled straight from your own gym's information.

- Connect one gym at a time through a secure, authorized connection
- Ask natural-language questions and get answers from your data, with sensitive details like payment and billing information never shared
- Revoke a connection anytime from **Settings → Integrations**

For the full walkthrough, see Set Up AI Connect in Kilo GMS.
