Stripe Dashboard Access for All Gyms in Kilo GMS

2026-08-12 - Sandy Tannheimer - [Feature Updates](#)

The **Stripe Dashboard** is now available to every Kilo GMS account with an active Stripe connection, not just Custom Connect accounts. Gym Owners can also control which staff members are allowed to see it with a new Stripe permission.

- Every gym with an active Stripe connection now sees the **Stripe** menu and embedded dashboard
- A new "**Access Stripe Dashboard**" permission lets Gym Owners choose which staff members can open it (on for Owners, off for staff by default)
- Works on Staff mobile web, not just desktop

For the full walkthrough, see [Your Stripe Dashboard in Kilo GMS](#).
