Tip Of the Week #100: Generate Submission Documents and Save Progress for Forms, Surveys, and Quizzes in GLM

2026-08-05 - Tom Regier - [Tip of the Week](#)

Forms, Surveys, and Quizzes in Gym Lead Machine just got two new settings: **Generate Submission Document** and **Save Progress**. Together, they cut down on manual document handling and make longer forms easier for your leads and members to finish.

- Turn on **Generate Submission Document** to automatically create a PDF of each submission and attach it to the contact's Documents section, no more downloading a submission and re-uploading it by hand.
- Turn on **Save Progress** so people filling out a multi-step form, survey, or quiz can exit partway through and choose to pick up where they left off or start over.
- Both settings live under the form, survey, or quiz's own settings.

For the full walkthrough, see [Generate Submission Documents for Forms, Surveys, and Quizzes in GLM](#) and [Save Progress for Forms, Surveys, and Quizzes in GLM](#).
