Tip of the Week #104: Count Available Days Only in GLM Calendars

2026-09-02 - Tom Regier - [Tip of the Week](#)

Your calendar's **Date Range** setting now has a smarter counting mode. A new **Count available days only** toggle makes your booking window reflect the days you're actually open, not every day on the calendar, including weekends and closures.

- Available on any calendar in Calendars, Services, and Rentals
- Keeps your booking window accurate even alongside a minimum scheduling notice
- Built for gyms closed on weekends or running non-standard hours, such as Monday/Wednesday/Friday
