Tip of the Week #109: Create a Mobile Dashboard in GLM

2026-10-06 - Tom Regier - [Tip of the Week](#)

This week's tip: set up a dashboard built for the Gym Lead Machine mobile app, so the numbers you check most are right there when you open the app on your phone.

A few highlights from the walkthrough:

- Create a dashboard specifically for the mobile app
- Choose the widgets you want to see on your phone
- Check your key metrics on the go without opening a desktop browser

For more information on how to create and set up new dashboards, see <https://help.usekilo.com/kb/dashboard>.
